

**St. Joseph's Degree College,
(Affiliated to Rayalaseema University, Kurnool)
Sunkesala Road, Kurnool - 518004**

DATE: 19TH DECEMBER, 2022

TIME: 10: 30 AM

VENUE: ST. JOSEPH'S DEGREE COLLEGE, SUKESALA ROAD, KURNOOL.

FACULTY NAME: MR P.MOULALI, LECTURER IN STATISTICS, ST. JOSEPH'S DEGREE COLLEGE, KURNOOL.

STUDENTS PARTICIPATED: STUDENTS OF I BSC (MBC, BBC)

OBJECTIVE: Biostatistics is well recognized as an essential tool in medical research, clinical decision-making, and health management. Deficient basic biostatistical knowledge adversely affects research quality.

Biostatistics

- Comprehend differences in data allocation through visual representation.
- Realize and offer references of types of data occurring in clinical studies and public health
- Understand and infer results from Analysis of Variance; this technique compares means between two autonomous populations.

BRIEF REPORT: As a part of the Department extension activity Biotechnology department has invited Mr P. Moulali, Lect in Statistics to bring awareness to the course objectives of biostatistics among the Ist Year BSc Degree Students. The lecture was given individually to Girl students and Boy Students in their respective classes. Students listened to the class attentively and Sir was patient enough to clear the doubts. He has brushed up on their mathematical tips and the class went in an interesting way.
