ONLINE QUIZ on “*QUIZANTINE in QUARANTINE*” On 17th, May 2020

The Department of Biotechnology has organised an online quiz program “**Quizantine in Quarantine**” an awareness program on “*Virus World - Pandemic Awareness*”. Deadly diseases can become a major concern dependent upon how far and how quickly they spread. This quiz helped to test the understanding of how this can occur.

The program was conducted in online mode for a week from 18 May 2020 to 24 May 2020. There were about 827 participants who actively participated in the event. There was about 28.8% of Faculty participation and 71.2% of Student participation for the program.

- **Purpose of the Program:** The purpose of the program was to create awareness for the students on the virus world and COVID-19 pandemics.
- **Outcome of the Program:** The quiz was very informative, thought provoking. Students acquired knowledge on the virus which causes pandemics and spread rapidly, awareness on safety measures and treatment process to be followed was established by this quiz to a vast student and other communities.
- **Feedback on the Event:** The quiz was attempted by a wide range of students and faculty all over India. Many of the universities actively participated in the quiz. Over 98% of participants enjoyed the quiz session and responded to the feedback enthusiastically. 97% of participants expressed the quiz to be excellent and good. The overwhelming responses by the participants encouraged the department to conduct more of such activities.
- **Participants of the Program:** There were totally 827 participants from various places of Andhra Pradesh and other states, among them 72% were student community and 28% were faculty.
