PLASTIC FREE AWARENESS CAMPAIGN ORGANIZED BY ECOCLUB & IIC

Program Report:

ECOCLUB in Collaboration with Institution's Innovation Council in Collaboration with ED Cell has organised an ENVIRONMENTAL AWARENESS PROGRAM on occasion of WORLD ENVIRONMENT DAY-5th JUNE-2023

This year's theme for World Environment Day focus on 'Solutions to Plastic Pollution' under the campaign #Beat Plastic Pollution

Plastic is everywhere in our lives. There is plastic in the food we eat, the water we drink, and even the air we breathe. But this needs to change! And we can all be part of the solution. By reducing our own plastic footprint, we can contribute to a cleaner and healthier world. The power is in our hands!

Eco club members has given the awareness to the local communities about the ill-effects of Plastic waste pollution on the Environment and Human health. In view of the above, a visit was made to households. Eco club members delivered informative talks and interacted with the people thereby spreading awareness about plastics and their impacts and ways to reduce them. Reuse and Recycling is not the only effective solution to plastic pollution, but one has to avoid the use of plastic wherever possible. This awareness program of Eco club is a small step towards "Empowering people to make a difference" by spreading awareness among the local communities about the urgent need to reduce the usage of plastic, as it not only profoundly affects the Earth but also poses serious threats to the air and water bodies once it enters the atmosphere and water systems.

Program Objectives:

1. *To Spread awareness about the hazards caused by discarded plastics*
2. *To facilitate a behavioural change in plastic consumption.*
3. *To increase public understanding and shape community perceptions on the dangers of plastic pollution and available solutions, thereby empowering more people and organizations to take action*

Program Outcomes:

1. This awareness programme serves as a vital step towards combating plastic pollution and fostering a sustainable future.
2. People gain knowledge that they can personally play an important role in reducing plastic pollution and increasing recycling rates for a healthier environment.

AWERNESS PROGRAMM ON CLAY GANESHA IDOLS

By Eco club students

LETTER TO IQAC

Kurnool,

Date: 13.09.2023.

To,
The IQAC Coordinator,
St. Joseph's Degree College.

Respected Sir,

Sub: seeking permission to create awareness among the students about eco-friendly Ganesh idols -regarding.

We, the eco club intends to create awareness among the students about eco-friendly Ganesh, we want to promote environmentally friendly nature and thus avoiding pollution which is caused by the use of plaster of Paris and artificial colors used in making idols.

Therefore, we request you to permit us to conduct this awareness program on 16.09.2023.

Thanking you,

Yours faithfully,

Eco Club

CIRCULAR TO THE STUDENTS

Date 15-09-2023

Ganesha*

*Let's not seize the colours of Environment for our own happiness
and say No to PLASTER OF PARIS GANESHA IDOLS*

—Organised by ECO CLUB

Date : 16/09/2023

Saturday

GIST OF THE EVENT

Ganesh festival is one of the biggest festivals in India with large gatherings of devotees and it also generates a large amount of holy waste (Nirmalya), religious offerings and lakhs of Ganesh idols are immersed in water bodies.

Celebrating the festival in an eco-friendly way can help avoid adverse effects on the environment.

Eco club of St. Joseph's degree college regularly organizes and organizes an awareness programme for sensitizing students and society to celebrate festival in eco-friendly manner. Eco club also distributes clay idols for free to staff and students to promote spirit of ecological sustainment and protection of environment

An assembly talk was held by club members explaining the benefits of 21 sacred leaves which are used in Eka Vim Shanthi Pooja. These leaves also have lot of medicinal properties and if these are immersed with clay idols, it would cleanse the water bodies.

“The nature of our future depends on the future of our nature”. So eco club urges students to choose water soluble colours, minimal decorations, eco-friendly immersion in artificial tanks and use of natural biodegradable clay idols.

Eco club also displays posters in college premises to promote sustainable and environmentally conscious Ganesh Chaturthi celebrations.

This Ganesh Chaturthi let's all pledge to celebrate the great elephant God in an eco-friendly manner.

Program Objectives:

- _ To create awareness about the spiritual and cultural ideas behind Ganapati Pooja.
- _ To inspire students to adopt eco-friendly practices in their celebration.
- _ To promote clay idols and strike a balance between traditional and environmental responsibility.

Program Outcomes:

- _ Use of eco-friendly materials to reduce health risks and makes festival celebration more sustainable.
- _ Students become conscious of the celebration of festivals in a greener mode.
- _ Green practices help preserve nature and ensures a sustainable celebration.

National Pollution Control Day 2023

Program Report:

National Pollution Control Day 2023, observed on December 2, commemorates the tragic Bhopal Gas incident in 1984. This day serves as a vital reminder of the catastrophic consequences of pollution and aims to raise awareness about the urgent need for pollution control. The theme for National Pollution Control Day 2023 is “Sustainable Development for a Clean and Healthy Planet”. In this regard, Institution’s Innovation Council in collaboration with Entrepreneurship Development Cell and Eco club of our college has organized an Online quiz to all the students and staff of the college on 5th December 2023. The students were informed about the importance of the day and the action work to curb pollution in the College Assembly. Later a google form with 35 questions was shared; the students who secured more than 80% were given a certificate of appreciation.

Date: -5-12-2023

Venue: Online mode

Faculty In-charge:

1. Mrs Saiqua Zareen
Students
participated: 300
Students who got
certificate: 150

Program Objective:

1. To make the students aware of the causative factors of Pollution and how to curb them.
2. To create a conscientious effort among the students on the evils of pollution and how it can be eradicated with awareness, attitude and action.

Program Outcomes:

1. The online quiz was very informative as it increased their knowledge to a very great extent, many students enthusiastically participated in it,.
2. First years participated in this quiz program, though 300 participated only 150 could get certificate.

Scanned with CamScanner

A certificate of participation for the National Pollution Control Day 2023 Quiz. The certificate features a decorative background with a geometric pattern on the left and a grid pattern on the right. At the top left is the logo of St. Joseph's Degree College (S.J. Degree College). In the center is the logo of the Institution's Innovation Council (IIC). To the right is the logo of the Eco Club (ECO CLUB). Below these logos is the text "St. Joseph's Degree College" followed by "Sunkesula Road, Kurnool" and "(Affiliated to Rayalaseema University, Kurnool, A.P.)" with the website "www.sjc.knl.edu.in". To the right of this text is a date "Date: 05-12-2023". The main title of the certificate is "Certificate of Participation" in a red, cursive font. Below the title, the text reads: "This is to certify that Mr./Ms. _____ from _____ has participated in the ONLINE QUIZ conducted on National Pollution Control Day organized by ECO CLUB in association with IIC & EDC of St Joseph's Degree College." At the bottom, there are three signatures and names: "Mr. R. Prasad" (EDC - Convenor), "Dr. K. Shantha" (Principal), and "Mrs. K. Vanitha" (Convenor ECO CLUB).
