PROGRAM PHOTOS

Outcomes of the Program

1. Improved academic performance: students can better understand topic, develop critical thinking skills, and improve problem-solving abilities
2. Students can develop communication, listening and time management skills.
3. Students can build trust with their students and departments.
4. Students can learn to work together and think critically about their ideas, which can lead to innovation
6. Students can become more socially connected, confident, and optimistic
7. Students can become more actively involved in their learning process and feel more supported
8. Students can reinforce their learning by teaching concepts to each other.
