Detailed Gist of the visit :

The Department of Computer Science organized an industrial visit to T-Hub, Hyderabad for undergraduate students to expose them to the startup ecosystem, innovation, entrepreneurship, incubation facilities, emerging technologies, and industry best practices.

About t-hub: The T-hub is a first-of-its-kind public-private partnership between the Telangana government, three central academic institutes - IIIT-H, Indian School of Business (ISB), NALSAR Law University and private entities. The main aim of the partnership is to aid technology-related start-ups and the 'hub' provides an innovation driven ecosystem for these companies at a nominal fee. The incubator is expected to be a vantage point for entrepreneurs and investors from India and the world, as it is hard for start-ups to acquire sophisticated infrastructure and professional services.

Overview of the Programme:

Students visited T-Hub innovation spaces, incubation centers, collaboration zones and attended expert sessions on entrepreneurship, product development, funding, design thinking and career opportunities.

Mr. Srinivas Taluka ,Vice President of Facilities, guided the students on various entrepreneurial services proving and activities held at T-Hub incubation center. Students were given a brief idea on the business idea processing in implementation. He also guided the students on latest happenings in entrepreneurship and about young & famous entrepreneurs. He suggested the students to update their knowledge in various aspects to be as an entrepreneur. After the interactive session, all the students headed to visit the incubation center.

Objectives of the visit :

- Understand startup incubation.
- Learn innovation lifecycle.
- Interact with entrepreneurs and mentors.
- Explore AI, IoT, Cloud and Cybersecurity startups.
- Bridge academia and industry.

Learning Outcomes:

Students gained knowledge about startup culture, innovation, teamwork, business models, product validation, networking, emerging technologies and career pathways.

Activities:

- Welcome session
- Campus tour
- Startup interaction
- Expert talk
- Q&A
- Feedback session

Benefits:

Improved industry exposure, motivation for innovation, entrepreneurial thinking, communication skills and practical understanding.

Outcome

The industrial visit successfully connected classroom learning with real industrial practices and inspired students towards innovation and entrepreneurship.
