2nd Dec, World's Computer Literacy Day was launched by Indian Company NIIT to mark its 20th anniversary in 2001, in response to research which suggested that the majority of Computer users around the world were Men. So, this day is intended to encourage the development of technological skills particularly among children and women in India.

St. Joseph's Degree College, Computer Science Department Organized "ZEST 2022" on World's Computer Literacy Day to inculcate the technological skills in students as we all know that in this era the literacy of Computers became a basic need for everyone.

ZEST is the right word chosen to show our passion and enthusiasm to encourage all student in developing their technological skills on this auspicious occasion of "worlds computer literacy day". This day reminds us to contribute our quota towards making computers accessible and easy to understand for those who are very creative in innovation thoughts.
