Subject: Request for Permission to Organize an Awareness Program on Vermicompost Production on 28th January 2025

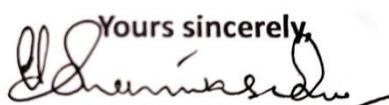

Respected Sir,

The Department of Zoology proposes to organize an **Awareness Program on Vermicompost Production** as part of our initiative to promote sustainable practices and environmental consciousness among students. The session aims to educate students about the importance of organic waste management and the role of vermicomposting in sustainable agriculture and environmental conservation.

We kindly request your approval to conduct this program successfully.

Looking forward to your kind approval.

Thanking you,

Yours sincerely,

Dr. C.S. Sreenivasa Rao
Head, Department of Zoology.

CIRCULAR

Date 28.01.2025

This is to inform all Life Science students that an **Awareness Program on Vermicompost Production** has been organized to promote sustainable environmental practices.

All Life Science students are encouraged to attend this program on **28th January 2025 at 10:30 AM in the Seminar Hall** and benefit from the expertise of the guest speaker.

St. Joseph's Degree College

St. JOSEPH'S DEGREE COLLEGE, KURNOOL

Awareness program on Vermi compost production

ORGANIZING COMMITTEE:Department of Zoology

NAME OF THE ACTIVITY:Awareness program on Vermi compost production

CHIEF GUEST: Hari Krishna

Director of Yamuna Vermi compost, Kurnool.

DATE & TIME:28-01-2025; 10:30 AM

VENUE: Seminar Hall, Building -II,St. Joseph's Degree College Campus, Kurnool.

NO. OF STUDENTS ATTENDED : 72

Event Gist:

The Department of Zoology organized an **Awareness Program on Vermicompost Production** to promote sustainable agricultural practices and educate students about organic waste management through vermicomposting.

The session was led by **Mr. Harikrishna**, Director of Yamuna Vermicompost, Kurnool, a renowned expert in organic farming and composting techniques.

In his address, Mr. Harikrishna provided valuable insights on:

- The process of vermicomposting and its ecological benefits.
- The role of earthworms in converting organic waste into nutrient-rich compost.
- Practical steps for setting up a small-scale vermicompost unit at home or in institutions.
- Benefits of vermicompost for soil health, crop productivity, and sustainable agriculture.

Outcomes:

- Students gained a clear understanding of the environmental importance of converting organic waste into compost using vermicomposting techniques.
- Students developed awareness of the ecological impacts of improper waste disposal and the role of organic waste recycling in combating climate change.

Attendance

Department of Zoology
St. Joseph's Degree College, Sunkesula Road, Kurnool-4
