

FIELD TRIP TO POULTRY FARM, PALAKURTHY

- On 14 September 2019, the Department of Zoology organized a field trip to a poultry farm in Palakurthy.
- Final year students and four faculty members participated.
- Farm manager Mr. Ramesh Kumar guided us through the farm, explaining the incubation process, brooding area, automated feeding and watering systems, and the processing unit.
- We learned about egg care, chick nutrition, vaccination, and farm hygiene.
- The visit concluded with a Q&A session, enhancing our understanding of poultry farming practices.
- The trip provided valuable practical insights, reinforcing classroom knowledge with real-world applications.
