

"Arth Bioplast Pvt. Ltd."

Arth Bio Plast established as a private limited company in the year 2010 is situated in the Halol city of Gujarat The Arth Bioplast Products Pvt. Ltd are a leading manufacturer, Exporter, Trader and supplier of a wide range of Biodegradable Carry Bags, Garbage Bags, Food Packaging Bags, Grocery Bags, Paper Bags and many more. Arth Bioplast are renewable, biodegradable plastic products, which are made from Biomass. Arth Bioplast Garbage bags are made from bio-degradable polymers which are derived from can-starch. All their products are 100% compostable as they are certified and approved by the Central Pollution Control Board. They come under the Make In India Scheme of Central Govt. They are proven to be the best alternative of normal plastic which does not deplete even in 300 years. They are non-toxic, 100% natural, recyclable, bio-based & helps to control climate change & helpful for both land & aquatic animals. They provide eco-friendly services & solutions to various sectors such as industries, hotels, healthcare, retail, agriculture & food. One of the main reasons behind their success is their praiseworthy team. It's not their prosperity instead its their passion which makes them stand best in the markets. Besides manufacturing bags, they have introduced their new product into the market which is Arth Bamboo Toothbrush. It is anti-bacterial, Eco-friendly, natural & has soft bristles. They are now available in Jyothi Departmental Stores. So, it's now time to say Goodbye to Plastic Toothbrush and all other plastic products as Arth products are here that stand strong on the grounds of commitment & never fail to deliver fully to the customers.

So, Let's Regreen Earth With Arth.

I thank for the opportunity given to me.
